As per Para 3.6.7 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 and circulars issued thereunder, in case of change in constituents of the index due to periodic review, the portfolio of the scheme will be rebalanced within 7 calendar days.

As per SEBI Circular SEBI/HO/IMD/IMD-PoD-1/P/CIR/2025/23 dated February 27, 2025, the scheme shall deploy the funds garnered in an NFO within 30 business days from the date of allotment of units.

In an exceptional case, if the AMC is not able to deploy the funds in 30 business days, reasons in writing, including details of efforts taken to deploy the funds, shall be placed before the Investment Committee of the AMC. The Investment Committee, if so desired, can extend the timelines up to sixty (60) business days from the date of completion of mandated deployment period.

Short Term Defensive Consideration:

Subject to Para 1.14.1.2 of SEBI Master circular no. SEBI/HO/IMD/IMDPoD-1/P/CIR/2024/90 dated June 27, 2024 and circulars issued thereunder, the asset allocation pattern indicated above may change for a short-term period on defensive considerations, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. These proportions may vary depending upon the perception of the Fund Manager; the intention being at all times to seek to protect the interests of the Unit holders. Such changes in the investment pattern will be rebalanced within 7 calendar days from the date of deviation and further action may be taken as specified under SEBI Circulars/ AMFI guidelines issued from time to time. In the event of involuntary corporate action, the scheme shall dispose the securities not forming part of the underlying index within 7 days from the date allotment/ listing.

Investment Strategy

To achieve the investment objective, the scheme will follow passive investment strategy with investments in stocks in the same proportion as in Nifty 50 Alpha Index. The investment strategy would revolve around reducing the tracking error through regular rebalancing of the portfolio, taking into account the change in weights of stocks in the Index as well as the incremental collections/redemptions in the Scheme. Such rebalancing shall be done in accordance with timelines prescribed by SEBI from time to time.

Index Scheme being a passive investment carries lesser risk as compared to active fund management. The portfolio follows the index and therefore the level of stock concentration in the portfolio and its volatility would be the same as that of the index, subject to tracking error. Thus, there is no additional element of volatility or stock concentration on account of fund manager decisions

A small portion of the net assets will be held as cash or will be invested in debt and money market instruments (as mentioned under asset allocation section) permitted by SEBI/RBI including TREPS or in alternative investment for the TREPS as may be provided by the RBI, to meet the liquidity requirements under the Scheme.

The Scheme may take an exposure to equity derivatives of constituents or index derivatives of the underlying index for short duration when securities of the index are unavailable, insufficient or for rebalancing at the time of change in index or in case of corporate actions, as permitted by SEBI from time to time.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

The Scheme may use SLBM for earning additional income for the scheme with a lesser degree of risk.

Scheme may invest in the units of Mutual Fund schemes of Kotak Mahindra Mutual Fund or any other Mutual Funds in terms of the prevailing SEBI (MF) Regulations.

The measures mentioned above is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors.

Portfolio Turnover:

Portfolio Turnover is a term used to measure the volume of trading that occurs in a Scheme's portfolio during a given time period. Kotak Nifty Alpha 50 Index Fund is a passively managed open-ended index scheme. It is therefore expected that there would be a number of subscriptions and redemptions on a daily basis. Hence, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. Generally, turnover will depend upon the extent of purchase and redemption of units and the need to rebalance the portfolio on account of change in the composition, if any, and corporate actions of securities included in Nifty Alpha 50 Index. The Scheme has no specific target relating to portfolio turnover.

Risk Profile of the Scheme

Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment.

Scheme Specific Risk Factors

Tracking errors are inherent in any index fund and such errors may cause the schemes to generate returns which are not in line with the performance of the Nifty Alpha 50 Index or one or more securities covered by / included in the Nifty Alpha 50 Index and may arise from a variety of factors. Delayed realizations, cash for redemptions can result into tracking error, including transactions costs of investments etc.

The Scheme is subject to the principal risks described below. Some or all of these risks may adversely affect Scheme's NAV trading price, yield, total return and/or its ability to meet its objectives.

1) The NAV of the units is closely related to the value of stocks that form a part of the benchmark index. The value of this will react to stock market movements and may result in changes in the NAV of units under the scheme. There could also be movements in the scheme's NAV due to changes in interest rates, macro-economic and political developments and over longer periods during market downturns;

- Tracking error may have an impact on the performance of the scheme. However, KMAMC will endeavour to minimize the tracking error through regular rebalancing of the portfolio.
- 3) The Scheme is a passively managed scheme and provides exposure to the benchmark and tracking its performance and yield. The Schemes performance may be affected by a general price decline in the stock markets. The Scheme invests in the stocks comprising the index regardless of their investment merit. The Mutual Fund does not attempt to take defensive positions in declining markets.
- 4) As the scheme proposes to invest not less than 95% of the net assets in securities comprising of Nifty Alpha 50 Index, any deletion of stocks from or addition to in Nifty Alpha 50 Index may require sudden and immediate liquidation or acquisition of such stocks at the prevailing market prices irrespective of whether valuation of stocks is attractive enough. This may not always be in the interest of unitholders.
- 5) The performance of the Nifty Alpha 50 Index will have a direct bearing on the performance of the scheme. Hence any composition change by virtue of weightage or stocks selection will have an impact on the scheme.
- 5) Capital Gains Impact: Investors who trade in Kotak Nifty Alpha 50 Index Fund may be subject to Long Term Capital Gains or Short Term Capital Gains. Investors are requested to consult their tax / legal consultants before investing in the scheme.
- 7) The scheme will attract provisions of take over regulations, if KMMF invests in more than 10% of the paid up capital of a company and therefore may result into tracking errors and / or may not be able to accept further subscription in the Scheme.
- The Index reflects the prices of securities at a point in time, which is the price at close of business day on the stock exchange. The Scheme, however, may at times trade these securities at different points in time during the trading session and therefore the prices at which the Plan trade may not be identical to the closing price of each scrip on that day on the BSE / NSE. In addition, the Scheme may opt to trade the same securities on different exchanges due to price or liquidity factors, which may also result in traded prices being at variance, from BSE / NSE closing price

Investments in the Scheme are subject to various risk factors including but not limited to risks associated with:

- Risk specific to investing in securities forming part of Nifty Alpha 50 Index
- · Risks associated with Capital Markets or Equity Markets (i.e. Markets in which Equity Shares or Equity oriented instruments are issued and traded)
- Risks associated with Debt / Money Markets
- Risk Associated with Investment in Derivatives Market
- Risk associated with investment in Government securities and Triparty repo on Government securities or treasury bills
- Risk associated with Securities Lending
- Risks associated with segregated portfolio
- · Risks associated with Tracking Error / Tracking Difference
- Risk associated with investing in Units of Mutual Funds

For details on risk factors and risk mitigation measures, please refer SID.

APPLICATION SUPPORTED BY BLOCKED AMOUNT

IMPORTANT INFORMATION INSTRUCTIONS FOR ASBA MUTUAL FUND INVESTORS

Background: In its continuing endeavour to make the existing public issue process more efficient SEBI introduced a supplementary process of applying in public issues, viz: the "Applications Supported by Blocked Amount (ASBA" process. Accordingly, Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009, as amended have been amended for ASBA process. The salient features of circular no. SEBI/CFD/DIL/ASBA/1/2009/30/12 dated December 30, 2009 available on SEBI website for "Additional mode of payment through Applications Supported by Blocked Amount (hereinafter referred to as "ASBA") are mentioned below for understanding the ASBA process:

- 1. Meaning of ASBA: ASBA is an application for subscribing to a New Fund Offer (NFO), containing an authorisation to block the application money in a bank account.
- 2. Self Certified Syndicate Bank (SCSB): SCSB is a banker to an issue registered with the SEBI which offers the facility of applying through the ASBA process. The list of SCSBs will be displayed by SEBI on its website at www.sebi.gov.in from time to time. ASBAs can be accepted only by SCSBs, whose names appear in the list of SCSBs displayed on SEBI's website. As on April 15, 2010, 27 Banks have been recognised as SCSBs. Investors maintaining their accounts in of any of these Banks may approach one of the designated branches of these SCSBs for availing this facility. Further it may be noted that from time to time new banks register themselves as SCSBs who become eligible to provide these services and also the existing SCSBs designate additional branches that also provide this facility. An updated list of all the registered SCSBs, their controlling branches, contact details and details of their contact persons, a list of their designated branches which are providing such services is available on the website of SEBI at the address http://www.sebi.gov.in. Further these details are also available on the websites of the Stock Exchanges at http://www.bseindia.com and http://www.nseindia.com. Alternatively, investors may also contact the AMC, R&TA for information about the SCSBs or the ASBA process. These SCSBs are deemed to have entered into an agreement with the Issuer and shall be required to offer the ASBA facility to all its account holders for all issues to which ASBA process is applicable. A SCSB shall identify its Designated Branches (DBs) at which an ASBA bidder shall submit ASBA and shall also identify the Controlling Branch (CB), which shall act as a coordinating branch for the Registrar to the Issue, Stock Exchanges and Merchant Bankers. The SCSB, its DBs and CB shall continue to act as such, for all issues to which ASBA process is applicable. The SCSB may identify new DBs for the purpose of ASBA process and intimate details of the same to SEBI, after which SEBI will add the DB to the list of SCSBs maintain
- **3. Eligibility of Investors:** An Investor shall be eligible to apply through ASBA process, if he/she: (i) is a "Resident Retail Individual Investor, Non-Individual Investor, QIBs, Eligible NRIs applying on non-repatriation basis, Eligible NRIs applying on repatriation basis i.e. any investor, (ii) is applying through blocking of funds in a bank account with the SCSB; Such investors are hereinafter referred as "ASBA Investors".
- 4. ASBA Facility in Brief: Investor shall submit his Bid through an ASBA cum Application Form, either in physical or electronic mode, to the SCSB with whom the bank account of the ASBA Investor or bank account utilised by the ASBA Investor ("ASBA Account") is maintained. The Bid Amount shall remain blocked in the aforesaid ASBA Account until the Allotment in the New fund Offer and consequent transfer of the Application Amount against the allocated Units to the Issuer's account designated for this purpose, or until withdrawal/failure of the Offer or until withdrawal/rejection of the ASBA Application, as the case may be. The ASBA data shall thereafter be uploaded by the SCSB in the electronic IPO system of the Stock Exchanges. Once the Allotment is finalised, the R&TA to the NFO shall send an appropriate request to the Controlling Branch of the SCSB for unblocking the relevant bank accounts and for transferring the amount allocable to the successful ASBA Bidders to the AMC account designated for this purpose. In case of withdrawal/Rejection of the Offer, the R&TA to the Offer shall notify the SCSBs to unblock the blocked amount of the ASBA Bidders within one day from the day of receipt of such notification.
- **5. Obligations of the AMC:** AMC shall ensure that adequate arrangements are made by the R&TA for the NFO to obtain information about all ASBAs and to treat these applications similar to non-ASBA applications while allotment of Units, as per the procedure specified in the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009.
